Address by Senator Bilbo Before a Joint Session  
of the Mississippi Legislature

March 22, 1944

Anyone who would, in the name of Christianity, make us a negroid people betrays his religion and his race. It should be the desire of both races to maintain racial integrity and have their blood remain pure. We condemn, we will not condone, the attempt on the part of any group, or individual, to destroy our ideals and principles in the name of history, or of science, or of democracy, or of religion.

Hon. Theodore G. Bilbo

**FERRER-SCOTT**

A wedding of much social interest was solemnized here Tuesday evening, in the rectory of the Church of Our Lady of Victories, when Miss Sallie Ann Scott became the bride of Mr. James Frank Ferrer, Rev. Father Hunter performing the interesting ceremony.

Baskets of gladioli were used in decoration of the rectory, and the bride and her attendant wore white sport, ensembles with corsages of sweet peas.

There was a reception following the ceremony at the future home of the bridal couple, 505 Lincoln avenue. The immediate families and close friends were guests. The house was decorated with daisies, gladioli and nasturtiums. A large wedding cake centered the table and punch was served with the cake.

Out-of-town guests were: Mrs. Bernice Olsson and two children; Mr. and Mrs. C. A. Ryder and Mr. and Mrs. Harold Nelson, of Mobile.

Mrs. Ferrer is the third daughter of Mr. and Mrs. J. Lee Scott. Mr. Ferrer is the oldest son of Mr. and Mrs. Charles Ferrer.

*1897 graduation medal*

Miss Mamie Ferrer displays a graduation medal presented to the Class of 1897 at Our Lady of Victories Central High School. OLV was founded in 1882 and as part of the anniversary observance members of the 1982 graduating class were presented replicas of the medal. (Staff Photo by Jerry Moulder)

## Replicas of medal given to graduates

The 1982 graduates of Our Lady of Victories Central High School have received a very special gift.

As part of OLV's 100th anniversary observance, the 1982 graduates have been presented replicas of the school medal presented to graduates in the late 1800s.

Miss Mamie Ferrer provided her mother's graduation medal from which the replicas were made. Miss Ferrer's mother, Elizabeth Pickett Ferrer, was a member of the 1897 graduating class. The gold medal is a

treasured family heirloom, which Miss Ferrer keeps in a safety deposit box.

Miss Ferrer was a special guest at Class Night when the medals were presented to the graduates.

Presentation was made by Mrs. Donna Chandler, president of the OLV Central High School League, and Bragg Moore, advisor of the OLV Student Activities Council. The medals were a gift to the graduates from the two organizations.

# Watch That Saved His Life Cherished By Veteran Law Officer Charlie Ferrer

Retired Railroad Detective  
Recalls Gun-Battle With  
Bank Robber Here

By STAFF WRITER

PASCAGOULA, Miss.—A battered gold pocket watch is probably the most cherished possession of Charles "Uncle Charlie" Ferrer, Jackson County's oldest law enforcement officer.

It was this watch, back in December, 1924, that deflected a bank robber's .38 slug and saved "Uncle Charlie's" life.

The veteran officer was a railroad detective in those days, and it was his dangerous task to shoot it out with a holdup man who had robbed a New Orleans bank of \$18,000.

The scene of the shooting was a railroad station in Mobile. Ferrer and several Mobile officers shot it out with the fugitive.

"Police had been tipped off that the thug would probably show up in Mobile," Uncle Charlie said.

"The tip was right, and when I got to the station he was coming out the door."

"When I saw him, I reached for my gun, and he started blazing away with his. He shot several times, and one bullet cut through my vest, hit the watch and lodged in my left arm. I shot him four times and he died a hundred yards from the station."

The officer admits "it was a close shave. The closest I ever had. I was laid up in the hospital for several days."

52 Years In Police Work

With 52 years' experience in police work, the officer said: "It's remarkable I am as Hale and hearty as I am."

job was as a Jackson County deputy when he was 21.

"It's the only work I have ever done," he said.

Next came the railroad detective job where he served for 38 years.

Two years ago, he became a member of the Pascagoula Police Department. He is now on the inactive list due to ill health.

"I still go around to the station nearly every night and try to help out in any way I can," he said.

#### Son A Law Officer

Ferrer, the father of ten children, has one son following in his footsteps. Greg, 32, has a three-year service record on the Pascagoula force.

And Greg is carrying his father's watch.

"Maybe it will help him out some time as it did me," the elder Ferrer said.

The watch, repaired by a jeweler and in good running order, still

has a dent in the back where the bullet struck.

"If you look close enough you can see the lead marks in the surface," Uncle Charlie points out.

#### Has Japonica Garden

When he's not around at the station, Ferrer putters about in his japonica garden at his home, 507 E. Live Oak St.

"I raise japonicas and anything else that will grow," he said.

A constant companion when Ferrer is home is "You Know," a nine-month-old puppy.

"You Know" is a trick dog. She's half fox terrier and something else—I don't know what; and she's as smart as they come," Ferrer says.

Japonicas and dogs are fine, according to Ferrer, "but you know I'd rather be at police headquarters whenever I can. Police work is the most fascinating in the world."

out. He had this .38 pistol in his belt and I took it away from him.

"One pocket bulged, so I thought he had another gun and started reaching for it, but it was the money from the Mobile job.

"I stood him against the wall of the cafe waiting for the Pascagoula police. When they came up they didn't see me and I turned my head to holler at them. Gallego broke and ran.

"I fired one shot over his head but he kept going. I couldn't shoot any more because there were people around. He jumped a fence into a yard across the road.

"I jumped the fence and told him to come on out. He started walking toward me and begging me to kill him. Said he was going to die anyway.

"I told him to walk the other way but he kept on coming. Chief Blakeney (of Pascagoula) came up and slapped him with his open hand or I might have had to shoot him."

"Blakeney and I with some others had chased him about 3½ blocks."

The body of Bougez, who was known as "Red," was found about noon, lying on a gravel road off Highway 90 south of Orange Grove. The road leads to a hor

der the A&F act is submitted to a vote.

Megehee is in touch with bond attorneys also on the matter of issuing county bonds for dredging the new ship channel, he said.

An act authorizing the county to sell a maximum of \$2-million in bonds to pay for dredging, wharves, purchase of lands and other purposes related to locating the refinery at Bayou Casote was passed at the last legislative session.

It was sponsored by Sen. Herm es F. Gautier. Spoils from the dredging would be used to build up the Pascagoula beach and reclaim marsh land in the refinery area.

It authorizes use of the county's 1½ cent kickback from the state gasoline tax for partially servicing the bonds.

The county's order, introduced by supervisor Edward A. Khayat, indicated dredging work would be undertaken regardless of whether or not federal aid was obtained.

The order authorized start of work as soon as funds are available, with the possibility that if the question of federal participation were not settled at that time the county could be reimbursed for dredging costs when and if federal appropriations are made.

Copies of the resolutions were sent to E. C. Constantin, Southland president, and attorneys for the company.

Meanwhile, Gautier said he will present evidence at a scheduled meeting of a US Senate armed services sub-committee next week at Washington seeking to have a 32-foot channel serving proposed ammunition dump in the Grand Bay area routed through Horn Island pass.

He will confer with district engineers at Mobile Monday and fly from there to Washington for further conferences with the US Engineers prior to the Senate meeting, he said.

The new federal channel is scheduled to be dredged west of Dauphin Island to a point in the Grand Bay area.

Local advocates are seeking to have the route changed through Horn Island pass and along the Pascagoula ship channel to about Beacon A, from where it would swing east to the loading station for the ammunition depot.

This would make it necessary for the county to dredge only from Beacon A to Bayou Casote, a distance of about three miles.

If successful in changing location of the federal channel, maintenance of the refinery channel by US engineers would be guaranteed.

Gautier said district engineers have indicated they would approve the change. Such approval would carry considerable weight in the final decision.

formally announced that he will  
be candidate for Constable of  
District Three in the Democratic  
primary election to be held Au-  
gust 5th.

Mr. Ferrer was born and raised  
in Pascagoula and for most of his  
adult life has been associated with  
law enforcement in Jackson coun-  
ty. He served 38 years as chief of  
detectives of the Mobile Division  
for the L & N railroad, and has  
served a number of years on the

His formal announcement fol-

To the Qualified Democratic  
Voters of District Three:

I take this means of formally  
announcing my candidacy for the  
office of Constable of District  
Three, subject to the will of the  
voters, in the Democratic primary  
election to be held August 5th.  
I was born and raised in Pas-  
cagoula, and have spent most of  
my adult life in law enforcement  
work. I was chief of detectives of  
the Mobile Division of the L&N  
railroad for 38 years, when I re-  
tired. I have served a number of

On the basis of my law enforce-  
ment record and my personal life  
I believe myself well qualified to  
discharge the duties of the office.

If elected I will devote full time  
to the office and at all times  
strive to serve the best interests  
of the citizens of District Three.

I earnestly solicit your consid-  
eration and vote in the forthcom-

Sincerely yours,
